All dimensions and square footages are approximate and subject to normal construction variances and tolerances and changes resulting from unforeseen conditions and are not intended to be and shall not be used as a statement of actual usable space contained within any Units. All dimensions and square footages are measured to the exterior face of perimeter walls, the interior face of walls shared with certain common area elements (i.e., fire stairs, back of house hallway, electrical rooms), and the center line of unit demising walls (i.e., walls between two adjacent units) and walls shared with the elevator vestibule and include perimeter and interior walls, windows, shafts, columns and other structural elements. The developer reserves the right to make modifications to the floor plans and unit dimensions at any time.
